

A Supernatural Love Story...

After receiving her Doctorate of Nursing Practice in Anesthesia, Sydney Fuchsberger began working in the operating room at Huntsville Hospital. Ben Shepherd was a vascular surgeon at the hospital. Sydney's co-worker played matchmaker; she told Sydney that Ben was interested in her (he only met her once and hadn't expressed interest) and she told Ben that Sydney was interested in him (she really didn't want to date anyone at work). What is such a GOD-thing is that one year prior to this meeting of the hearts, Sydney and her mother, Stephanie, had been walking in their neighborhood one afternoon. They happened upon a home that was for sale and Sydney said to her Mom, "I would love to have this home someday, but I can't buy it now." The next time they went for a walk they saw that the home had been sold....

Right before Ben and Sydney went on their first date, he asked her where she lived; when she told him the address, he said that it sounded familiar, and she replied likewise when he told her where he lived. Well...guess who bought that house just a few short blocks from her folks' home, before he even met her? Ben Shepherd! She now lives in that home...Her Dream Home! What a mighty GOD we serve! He wants to

The "People-Pleasing" Problem

Article by Barbara Carmack

At this time in history, more than ever before, people are measuring their worth by what other people think of them. It is a fear that has almost captured every human being on this earth - "What do you think of me?" is a question that comes up every day if you measure your worth by what people think of you. Especially obvious is what is happening on social media... it's a continual looking into "likes" to bring value to the individual; this idea of getting your worth from total strangers has taken hold all over the world.

Fear of rejection is one of the oldest fears known to man...if you depend on other's opinions of you, you are barking up the wrong tree to approval. GOD has already approved of you when you accepted Christ as your Savior and LORD and **"Nothing can every separate you from GOD's Love."**

How can you possibly think that people who believe there is NO GOD have any credibility when it comes to how you look or how you act...are you depending on the response from someone who really doesn't care about you? Are you comparing your life with someone else's life? **"Of course we wouldn't dare to put ourselves in the same class or compare ourselves with those who rate themselves so highly, copying one another."** (II Cor. 10:12)

GOD has made you in His image, and given you spiritual gifts that are unique. It is never wise to copy or compare yourself to another Believer... and certainly not to an unbeliever! If we see ourselves as less valuable than someone else, discouragement sets in, and then anger and then total feelings of unworthiness, fear, and inferiority. We don't live by comparison to others but by Christ's life in us.

So, what causes this dependence on other's approval? In our world today, getting "likes" is comparable to being on drugs. When someone tells you that they approve of your website or a post, that reaction releases a hormone called dopamine, which gives you the same reaction as eating chocolate or winning a lottery. Just like fast food, being popular online creates a cycle of reward which makes you crave more. A good post will enlarge the number of views and we feel that we have achieved a good thing. We become proud of ourselves because of the likes we get from others. This approval comes, most of the time from strangers...people who we don't know are determining our value, our worth. If the reaction we receive from people is negative, then what will the emotional reactions be...suicide?

Let us follow JESUS' example; He taught this lesson well. He never depended on man's opinions to give Him value; His value came from His Father. This is what He said to the Jewish leaders: **"You hypocrites! Isaiah was right when he prophesied about you, for he wrote, 'These people honor Me with their lips, but their hearts are far from Me. Their worship is a farce, for they teach man-made ideas as commands from GOD.'" Then JESUS called to the crowd to come and hear: "Listen," He said, "and try to understand. It's not what goes into your mouth that defiles you; you are defiled by the words that come out of your mouth."** Then the disciples came to Him and asked, "Do You realize You offended the Pharisees by what You just said?" JESUS replied, **"Every plant not planted by my heavenly Father will be uprooted, so ignore them; they are blind guides leading the blind, and if one blind person guides another, they will both fall into a ditch!"**

Let's Make America Great Again!

The Left's Predictions:

- 1960's—Oil gone in 10 years
- 1970's—Another Ice Age in 10 years
- 1980's—Acid Rain will destroy all crops in 10 years
- 1990's—the Ozone Layer will be destroyed in 10 years
- 2000's—the Icecaps will be gone in 10 years

If you are living today...you will realize that none of what the Left predicted has come to pass.

The Mexico Border

THERE'S NOT "A WIDE RANGE OF GENDERS."
THERE ARE TWO GENDERS AND A WIDE RANGE OF MENTAL DISORDERS.

"He sows Seeds of Light in His people, and Seeds of Joy burst forth for the lovers of GOD!"

(Psalm 97:11 Passion)

Victory Over the Storms of Life!

"We've all been there...you and I both know the times when we thought the storms of life would sweep us right under its raging current. You might be there right now. It could be a torrent of medical bills; job loss could be tossing your family about; your child's health concerns may be unrelenting; you could be enduring one of your child's worst school years ever, transitioning from childhood to adulthood.

Thunderous waves are impressive to watch from the safety of a dry, comfortable, enclosed area, but certainly no closer. Getting battered about by pounding waves accentuates our weaknesses and naturally brings a fear of not making it out alive. We gasp for life, and find it so exhausting; yet, we know that our Lifeguard is the One Who walks on water. With a simple word, He brings calm and peace. His rescuing grasp on us is so solid and strong that we never need fear. What comfort this brings us in the midst of those wicked waves! We are blessed to know that GOD's Song will be with us in the night: **'...even though Your waves and breakers have swept over me...You, LORD, will command Your loving-kindness in the daytime, and Your song will be with me in the night....'** (Psalm 42:7-8) We still have an unshakable hope...He is there with us; we don't go it alone. In the end, we will still be found standing, in His secret place...in His awesome shadow (Psalm 91:1). He is our Refuge and Strength during those times!"

In these impossible life circumstances that threaten to drown you, GOD proves anew Who He is. It's times like these when the bank account is empty and home foreclosure seems imminent, when your child's life is at risk and the doctors are baffled, when divorce seems to be the only way out of your frayed and torn marriage...yes, it is at these humanly hopeless times like this when the LORD proves the nickname He has awesomely earned in your life, **"The GOD of the impossible situation!"** For when it's impossible with men...**GOD is just beginning!** (Mark 10:27)

What are you facing now, Friend? Is there anything too big for Him? (see Jeremiah 32:27) Rest assured that the mighty Creator, Who spoke the world into existence is with you in those pounding waves and has you by the hand. He will make Himself known to you in these very challenging times...look up; He is with you.

PRAY: "JESUS, my Rescuer, I cry out to You as I am battered by life's turmoil. Your comforting grasp is my hope today. Bring to mind all of the times in the past when You have delivered me from impossible circumstances and let me rest in the peace of trusting You. I love You."

Climate Change - A Myth Or A Real Phenomenon?

Did you notice that humanity ended on June 21? Neither did I. On June 21, 2018, Greta Thunberg tweeted: "A top climate scientist is warning that climate change will wipe out all of humanity unless we stop using fossil fuels over the next five years. Well, it's been five years and we didn't stop using fossil fuels, so I guess humanity was wiped out; too bad! I wanted to eat at Burger King today, but I guess there won't be anybody there to serve me!" Another "top climate scientist" named Al Gore said in 2009 that "the North Pole will be ice-free in the summer by 2013 because of man-made global warming." See cartoon

These kinds of predictions by climate "experts" could be countless multiplied, and convince no one except those who never study the evidence and take CNN's word for everything. "Climate change" exists for two reasons: #1 - to enable governments to move towards totalitarian power by taking more of your money and freedom, and #2 - to enable corporations to earn billions of dollars off contracts paid to them by the government with the money extorted from you, and with totalitarian laws created by said governments to help those corporation ("crony capitalism"). Xi Jinping (China) and Kim Jung-Un (North Korea) care nothing about "climate change" because they already have totalitarian governments and state-controlled businesses.

True science has known for a long time that changes in the climate happen naturally and that humans have nothing to do with it. Back in 1958, NASA scientists first observed (and reported) that changes in the earth's orbit around the sun, as well as alterations to the earth's axis, are responsible for climate and its fluctuations. Most objective climate scientists today are agreeing with this - that the sun, not the SUV you drive, plays a major role, perhaps the decisive role, in the earth's climate. NASA, to its eternal shame, has done nothing to correct the falsehoods about "man-made global warming," a lie it has known has existed for over 60 years.

In 2000, NASA published information about the Milankovitch Climate Theory, which says that climate change has nothing to do with human activity: "Depending on the earth's position to the sun, climate conditions are going to vary dramatically, and even create drastic abnormalities that deny everything humans thought they knew about how the earth worked" (Ethan Huff, "Nature News," August 30, 2019). Big pharma, Fauci and the Left are all working together...this is no longer a conspiracy theory, but real in every sense of the word. This is total propaganda from the Left, which exists for two reasons, 1) government power and control, and corporate profits which woke companies then donate to Leftist causes, and 2) NASA, who gets its money from government, obviously has a vested interest not to counter the "accepted wisdom." **"We don't have to rely on the world's guesses and opinions. We didn't learn this by reading books or going to school; we learned it from GOD, Who taught us person-to-person through JESUS... and we're passing it on to you in the same firsthand, personal way. Christ's Anointing teaches you the truth on everything you need to know about yourself and Him, uncontaminated by a single lie. Live deeply in what you were taught."**

Home Of Refuge

Saving the Lost...Loving the Unlovable

In Ccarhuacalla, where we have most recently been feeding the very impoverished and abandoned elderly and providing for their needs, one of the elderly passed away. Because of your generous support, we were able to extend kindness and purchase a casket and food to provide

an honorable funeral for this individual. We thank you for being the hands and feet of JESUS through your giving to the "least of these."

We are told that an inspection must be conducted by the municipality on the orphanage and elderly center located in Cardompata before they will grant us a license to reopen. Please join us in praying for this process to move along speedily so that we can bring back our elderly who are waiting to come "home", and the children who need love and security.

Let us reflect on a vision that sees beyond the surface, recognizes hidden needs, and responds to them with compassion and action. Your giving is a tangible expression of GOD's unfailing Love, and it isn't just a gift; it's a declaration that you Believe in something more profound and something that will last through all eternity. Together, we can live out the truth that with GOD all things are possible! We are grateful for your love, prayers, and support!
