

MAXINE - We need to show more sympathy for these people. They travel miles in the heat. They risk their lives crossing a border. They don't get paid enough wages. They do jobs that others won't do or are afraid to do. They live in crowded conditions among a people who speak a different language. They rarely see their families, and they face adversity all day, every day. I'm not talking about illegals from the south; I'm talking about our troops! Doesn't it seem strange that many Democrats and Republicans are willing to lavish all kinds of social benefits on illegals, but don't support our troops and their families with sufficient healthcare, rehabilitation facilities, retraining and education when they return?

I'm Proud To Be An American... where at least I know I'm free. And I won't forget the men who died, who gave that right to me. And I'll gladly stand up next to you and defend her still today, 'cause there ain't no doubt I love this land...**GOD bless the U.S.A.!**

"A Humble History Lesson!"

by Barbara Carmack

Have you ever wondered what happened to the fifty-six men who signed the Declaration of Independence? Five signers were captured by the British as traitors and tortured before they died. The homes of twelve of them were ransacked and burned (have you seen "The Patriot"?). Two lost their sons serving in the Revolutionary Army; another had two sons captured. Nine of the fifty-six men fought and died from wounds or hardships fighting in the Revolutionary War. They signed and they pledged their lives, their fortunes, and their sacred honor.

What kind of men were they? Twenty-four were lawyers and jurists. Eleven were merchants. Nine were farmers and large plantation owners; men of means, well-educated...but when they signed the Declaration of Independence they knew full well that the penalty would be death if they were captured. Carter Braxton of Virginia, a wealthy farmer and trader, saw his ships swept from the seas by the British Navy. He sold his home and properties to pay his debts and died in rags. Thomas McKeam was so hounded by the British that he was forced to move his family almost constantly. He served in the Congress without pay, and his family was kept in hiding. His possessions were taken from him, and poverty was his reward.

British soldiers looted the properties of Dillery, Hall, Clymer, Walton, Gwinnett, Heyward, Rutledge, and Middleton. At the Battle of Yorktown, Thomas Nelson Jr. noted that the British General Cornwallis had taken over the Nelson home for his headquarters. He quietly urged General George Washington to open fire; the home was destroyed, and as a result, Nelson died bankrupt. Francis Lewis had his home and his properties desimated; the enemy jailed his wife, and she died within a few months. John Hart was driven from his wife's bedside as she was dying. Their thirteen children fled for their lives; his fields and his gristmill were laid waste. For more than a year he lived in forests and caves, returning home to find his wife dead and his children gone; he never saw them again.

After signing the Declaration of Independence in 1776, Benjamin Franklin went back to work as a printer and writer. In the years that followed, he was an ambassador to France, and an elder statesman. John Hancock still remained a politician. He was president of Massachusetts Provincial Congress and the President of the Continental Congress from 1775-1777, which meant that, in effect he was the first "President of the United States."

John Adams retired from the Congress in 1781 and returned to Massachusetts to become a leading member of the convention in forming the Constitution. In 1789 he was appointed lieutenant governor of the state.

The Declaration of Independence proclaimed that the former Thirteen Colonies, then at war with Great Britain, were now a sovereign, independent nation and thus no longer a part of the British Empire. They were a new nation - a Democratic Republic that would be a copy for all those who were seeking freedom.

And this was not the work of men...it was too magnanimous to be the work of man...it was a miracle document written by the very finger of GOD. "If GOD is for us, who can be against us?"

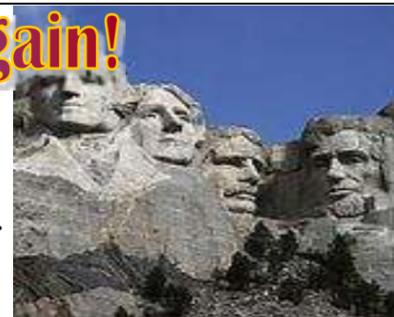

"Freedom Isn't Free!"

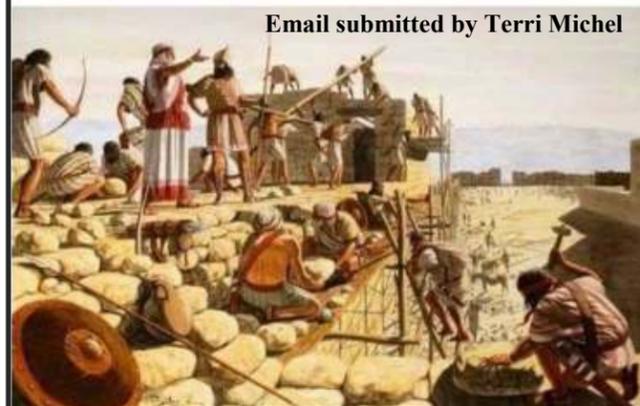

Making America Great Again!

The left-wing in America is deciding which statues they deem non-racist and which statues are racist...many of the figures of those who made America great in the first place. Could it be that they would stoop so low as to say that the four presidents displayed on Mount Rushmore are racist... and they need to be removed?

DID YOU EVER WONDER IF TRUMP WAS THE RIGHT CHOICE WELL WONDER NO MORE HISTORY REPEATS ITSELF

Email submitted by Terri Michel

Mount Rushmore, located just north of Custer State Park in South Dakota's Black Hills, was named for the New York lawyer Charles Rushmore, who traveled to the Black Hills in 1884 to inspect mining claims in the region. Seeking to attract tourism to the Black Hills, historian Doane Robinson came up with the idea to sculpt "the Needles" (several giant natural granite pillars) into the shape of historic heroes of the West. But after contracting American sculptor, Gutzon Borglum, to do the work, they decided to honor four presidents who had influenced the growth of democracy in the United States - Presidents George Washington, Thomas Jefferson, Teddy Roosevelt and Abraham Lincoln.

Borglum began the work in 1927 and the carvings were completed in 1941. Under very dangerous conditions, over that time period, some 400 workers erected the sculpture, removing a total of 450,000 tons of rock (1 ton = 2000 lbs.) in order to create the enormous carved heads, each of which reached a height of 60 feet. In sculptor Borglum's original design, the four presidents were meant to be represented from the waist up, but insufficient funding brought the carving to a halt after completion of their faces. Mount Rushmore welcomes upwards of two million visitors every year, and continues to be one of America's most popular tourist attractions.

And the man GOD chose was neither a politician nor a priest. Instead, GOD chose a builder whose name was Nehemiah. And the first step of rebuilding the nation was the building of a great wall. GOD instructed Nehemiah to build a wall around Jerusalem to protect its citizens from enemy attack. The U.S.A. is experiencing a different and possibly more dangerous attack from the south; so many people entering illegally that the United States is unable to meet all the needs of this huge influx.

Land of the Free... Home of the Brave!

"To anger a conservative, lie to him. To anger a liberal, tell him the truth." -Theodore Roosevelt
If you would take a survey of the people who are descendants of immigrants who came to America, it would be a resounding - ALL are immigrants! The difference in those who have come to America legally is that they desired to become Americans inside and out. They desired to contribute to the great American dream, learn the language and assimilate into the society that they dreamed of belonging to. There is a segment coming into to America who wants to make sure that America is changed into the exact image of their homeland in every way. We cannot allow this to happen! America is a democracy and will always be.... **GOD BLESS AMERICA!**

What If All the Illegals Left the United States?

Over 80% of Americans demand secured borders. What would happen if all 20 million or more illegal immigrants vacated America? In California, if 3.5 million illegal aliens moved back to Mexico, it would leave an extra \$10.2 billion to spend on overloaded school systems, bankrupt hospitals and overrun prisons. Everyone could understand one another as English would become the dominant language again.

In Denver, it means 12,000 gang members would vanish out of Denver alone. Colorado would save more than \$20 million in prison costs, prisons that house 7,300 alien criminals who get three square meals a day. Denver Officer Don Young and hundreds of Colorado victims would not have suffered death, accidents, rapes and other crimes by illegals. Denver Public Schools would not suffer a 67% dropout/flunk rate because of thousands of illegal alien students speaking 41 different languages. No more confusion in American schools that now must contend with over 100 languages that degrade the educational system for American kids. Our overcrowded schools would lose more than two million illegal alien kids, who get free breakfast and lunches at a cost of billions! In Chicago, Illinois, 2.1 million illegals would free up hospitals, schools, prisons and highways for a safer, cleaner and more crime-free experience.

If 20 million illegal aliens returned 'home,' the U.S. economy would return to the Rule of Law. Employers would hire legal American citizens at a living wage. Everyone would pay their fair share of taxes because they wouldn't be working off the books. That would result in an additional \$401 billion in IRS income taxes collected annually, and an equal amount for local, state and city coffers. We would lose 500,000 illegal criminal alien inmates at a cost of more than \$1.6 billion annually. That includes 15,000 MS-13 gang members who distribute \$130 billion in drugs annually who would vacate our country. In cities like L.A., 20,000 members of the '18th Street Gang' would vanish from our nation. No more Mexican forgery gangs for ID theft from Americans! No more foreign rapists and child molesters!

Over \$80 billion annually wouldn't return to the aliens' home countries by cash transfers. Illegal migrants earned half that money untaxed, which further drains America's economy which currently suffers over a \$20 trillion debt... a \$20 trillion debt!!! **Legal immigrants -YES! Illegal immigrants - NO!**

Home Of Refuge Saving the Lost...Loving the Unlovable

We recognize that July is usually a big month for vacations in America or a month where folks search for an opportunity to relax and spend a little extra time with family doing the activities they might not be able to do during the rest of the year. We hope that you will have the opportunity to celebrate, play, and rest with your family, and that in all of it you will sense the Joy of the LORD. As I write this newsletter, I can tell you that we are about 75% finished. We need to build the retaining wall and fence, and then purchase the furnishings and equipment for running the home and housing the children. We need dressers and beds, sheets, towels, kitchen supplies, and a refrigerator, just to name a few much needed items. I am so excited that the LORD is allowing me to once again help children who have no one to look after them. Their futures and wellbeing are riding on our perseverance and ability in the LORD to complete the vision and the project that He has given me. Will you join me and Rosa to bring Peace and Joy to children who have never known the security of having a place to play and sleep? **GOD bless you as you listen to His voice on our behalf!**
