

The Wrench Guy...

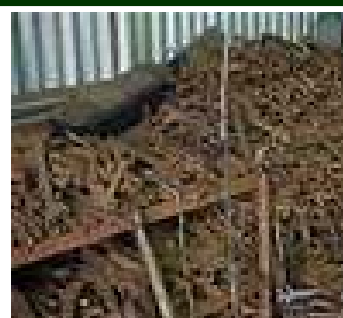

Many of us have great stories about the different and unique ways we or others have reused things. The following case involves the ingenious reuse of countless numbers of a single type of common item - wrenches.

One of our TRP advisors forwarded to me a series of photos of sculptures made from nothing but wrenches. I suspect it was one of those "Can you believe this?" items making rounds on the web. The artist is John Piccoli of Victoria, Australia.

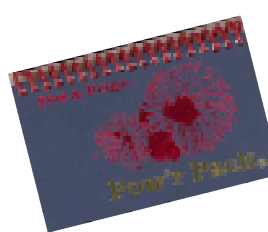

Locally, he is known as "The Spanner Man." Spanner is the British and Australian word for what Americans call a monkey wrench.

Thirty years ago Piccoli began making small garden sculptures from wrenches he had collected. Today he is creating large statues and garden art pieces that qualify for museums. Piccoli's art appears in many galleries around Australia, including Melbourne, Sydney and St. Kilda. The popularity of his works and the quantity of wrenches needed eventually compelled Piccoli to purchase as well as collect them.

The amazing thing about this creative work is that...Mr. Piccoli has done all of this from a wheel chair!

eating out of satan's hand...

Article submitted by Jon Sheppard

If you have not figured it out by now, Israel's enemies have now become America's enemies. The armies that Israel fought in the Old Testament were from the same roots as the armies that are shouting for world domination today. Ishmael, Esau, relatives of Lot and children of Keturah, Abraham's second wife, a dark-skinned woman from the tribes of Midian... all have come together to wreak havoc on this world. You must begin to be aware and informed of the tactics of, not only your enemy in the spirit, but the enemy in this world, that is controlled by the devil himself.

Psalm 83, written by Asaph, right before Israel's captivity, gives a complete lay-out of the enemies that are threatening our freedom in these last days: **"O GOD, do not be silent! Do not be deaf. Do not be quiet, O GOD! Don't You hear the uproar of Your enemies (remember that our enemies are ultimately coming against GOD)? Don't you see that Your arrogant enemies are rising up? They devise crafty schemes against Your people; they conspire against Your precious ones. 'Come,' they say, 'let us wipe out Israel as a nation. We will destroy the very memory of its existence.'** Yes, this was their unanimous decision; they signed a treaty as allies against You - these Edomites and Ishmaelites; Moabites and Hagrites (the Persian Gulf tribes); Gebalites (northern Africa), Ammonites, and Amalekites; and people from Philistia (Palestinians) and Tyre. Assyria (Syria) has joined them, too, and is allied with the descendants of Lot (Ammon - Amman, Jordan). Do to them as you did to the Midianites and as you did to Sisera (Judges 4:21) and Jabin at the Kishon River. They were destroyed at Endor, and their decaying corpses fertilized the soil. Let all their princes die like Zebah and Zalmunna (kings of Midian in Gideon's victory in Judges 8:12), for they said, 'Let us seize as our own these pasturelands of GOD!' O my GOD, scatter them like tumbleweed, like chaff before the wind! As a fire burns a forest and as a flame sets mountains ablaze, chase them with Your fierce storm; terrify them with Your tempest. Utterly disgrace them until they submit to Your Name, O LORD (one of these days, the Glory of the LORD will cover the whole earth!). Let them be ashamed and terrified forever; let them die in disgrace. Then they will learn that YOU alone are called the LORD, that YOU alone are the Most High, Supreme over all the earth!" (Ps. 83:1-18)

The following is a letter from a former Muslim: "Before I was nine, I had learned the basic canon of Arab life. It was me against my brother; me and my brother against our father; my family against my cousins and the clan; the clan against the tribe; the tribe against the world, and all of us against the infidel." This former Muslim realized how evil this religion system really is! It is important to understand that in some countries, with well under 100% Muslim populations, such as France, the minority Muslim populations live in ghettos, and in these ghettos, they live by Sharia Law. The national police do not even enter these ghettos. There are no national courts, nor schools, nor non-Muslim religious facilities. Muslims do not integrate into the community at large. The children attend "madrasses"; they learn only the Koran. To even associate with an infidel is a crime punishable with death. Therefore, in some areas of certain nations, Muslim Imams and extremists exercise more power than the country where they live.

The Bible In The News..

Our Founding Fathers found it imperative to insist that the form of government they established can only prosper if the citizenry is predominantly Judeo-Christian. They minced no words when they proclaimed that our democracy can only succeed if it remains founded on the principles of Christianity and respectful of its Judeo-Christian roots. Yet, today, as in no time in our history, those very roots and principles are under ferocious attack. It's as if

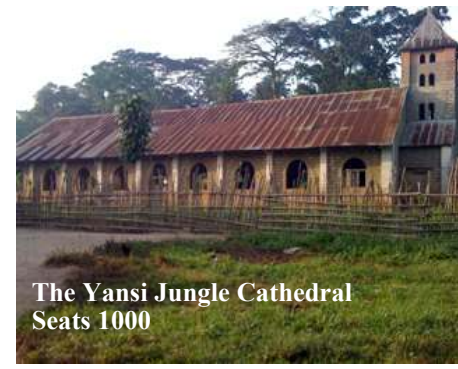

major players in our society have hoisted their axes, determined to chop away at the roots of our democracy until the magnificent tree of American freedom shivers and falls. Our forefathers established a 3-branch government, so no one branch would be able to write laws and change any of the laws of the land without a vote of Congress. Our Constitution is being attacked, the greatest piece of government literature every written by mortal man! That's why there is no time to lose. As Christians and patriots, we must seek GOD's mercy for our faltering nation. The forces of darkness have succeeded in marshaling their greatest assault yet. And the speed with which recent changes have occurred have weakened the basic foundations of our society, and that is nothing compared to what we may see in the coming years. If we are to see our nation saved, we must earnestly call out to GOD, repent of our sins as a nation, and humble ourselves before Him...and pray for a Spirit of Salvation to sweep this nation! John 3:16

The Yansi Jungle Cathedral Seats 1000

In 1912, medical missionary Dr. William Leslie went to live and minister to tribal people deep in the Republic of Congo in Africa. After 17 years, he returned to the U.S. a discouraged man, believing he had failed to make an impact for Christ; he died nine years after his return.

But in 2010, a team from Tom Cox World Ministries made a shocking discovery...they found a network of re-producing churches hidden like gems in the dense jungle across the Kwilui River from where Dr. Leslie was stationed. They had hiked through dense jungle and miles into the interior, they reached the first village of the Yansi people. They were unprepared for what they saw...each village had its own gos-

Dr. William Leslie

pel choir, writing their own songs and having sing-offs from village to village. They found a church in each of the eight villages scattered across 34 miles. They even found a 1000-seat stone "cathedral" and learned that this church got so crowded in the 80's that a church planting movement began in the surrounding villages. There is no Bible in the Yansi language, so they taught them in French. Dr. Leslie had started the first organized educational system in these villages. The tribal people only knew him by only one name, and knew that he was a Baptist.

Dr. Leslie had been a pharmacist until his conversion in 1888, when he felt the desire to become a medical missionary. He met his future wife in Africa, after she cared for him when he developed a serious illness; they were married

Loading the Cessna

in 1896. Together they overcame a hurricane that struck the night before one of their children was born, plus escaping the horns of charging buffaloes and armies of ants. They cleared leopard-infested jungle for a new mission station perched on a small plateau. Some of the villages were still practicing cannibalism at that time.

They spent 17 years at Vanga, but left after some of the tribal leaders asked them not to come back. Later they reconciled; there were apologies and forgiveness, but it didn't end like he had hoped. Dr. Leslie's goal was to spread Christianity, and he felt like he was there for 17 years and he never made a big impact...

if he could only see the changed hearts today!

After Crossing the Kwilu River

eating out of satan's hand...

(continued from page one)

Today's 1.5 billion Muslims make up 22% of the world's population. But their birth rates are higher than the birth rates of Christians, Hindus, Buddhists, Jews, etc. Muslims will exceed 50% of the world's population by the end of this century. Their goal is to rule the world! Islam...not the Chinese nor the Russians, represent the greatest threat to the world and might be the fulfillment of the book of Revelation in the Bible. This is very disturbing for a Christian to read, but read it and be educated.

Islam is not a religion, nor is it a cult. In its fullest form, it is a complete, total, 100% system of life. Islam has religious, legal, political, economic, social, and military components. The religious component wraps around all other components. Islamization begins when there are sufficient Muslims in a country to agitate for religious privileges. When politically correct, tolerant, and culturally diverse societies agree to Muslim demands for their religious privileges, some of the other components tend to creep in as well. Here's how it works:

As long as the Muslim population remains around or under 2% in any given country, they will be for the most part be regarded as a peace-loving minority, and not as a threat to other citizens. This is the case in the United States -- Muslim 0.6% , and other western democracies. From 5% on, they exercise an inordinate influence in proportion to their percentage of the population. For example, they will push for the introduction of halal (clean by Islamic standards) food, thereby securing food preparation jobs for Muslims. They will increase pressure on supermarket chains to feature halal on their shelves -- along with threats for failure to comply. When Muslims approach 10% of the population, they tend to increase lawlessness as a means of complaint about their conditions. In Paris , we are already seeing car-burnings. When the Muslim population nears 100%, peace is never achieved, and the most radical Muslims intimidate and spew hatred, and satisfy their blood lust by killing less radical Muslims. Do not be afraid; you serve a GOD Who loves you and will protect you! Know that the Battle is the LORD's: "When the enemy comes in like a flood, the LORD lifts up a Standard of Victory!" The One you serve is JEHOVAH NISSI - your "Banner of Victory" over your enemies!

Homes Of Refuge

Saving the Lost...Loving the Unlovable

With the passing of Luis in August, Santa Maria Orphanage appreciates your prayers for the new Director and tutors in the home. Tony spent some time with the new board sharing his experiences in running an orphanage. The new Director and staff have the orphans in their hearts, since they, themselves, were raised in the Santa Maria Orphanage. They know what it is to be in need of a place to call home, in need of a father figure who cares, in need of a bed...of food...of medicine and an education - in need of Hope! The work must go on.

If you find it in your heart, Will would appreciate any added financial help with his college education. The tuition for a year is \$3600; last year it was stated that a year was \$1200, but that was for one semester...so thank you for your understanding and your help with this need!

Working together for the Kingdom, Tony & Rosa - Homes of Refuge, Peru
